

RediMat Duo™

The Original Uniquely Branded Detectable Warning System
(logos, warnings, street names)

The RediMat Duo™ is an ADA/DOT approved detectable warning system that features **two** mats with a message. Providing either a custom or standard message, the RediMat Duo™ is easily adaptable to most applications. The standard 2-color message provides warning, information, or guidance to sighted pedestrians. The unique **two** mat system also provides an ADA compliant tactile warning to the blind and distracted pedestrians. The custom 2-color message accommodates slogans, logos, or popular characteristics of the city, school, or business where it is being applied.

- Provide meaningful messages to the sighted
- Proprietary CleanCut™ process flawlessly creates your message
- Full depth color of the components resists wear or fading
- Each mat uses 2 colors. Each 2-piece set utilizes opposing colors

Safe

- Unbreakable
- Beveled edge
- Non-slip surface pattern

Smart

- UV protected polyurethane
- Conforms to uneven surfaces
- Installs on both asphalt and concrete

Simple

- No adhesive to apply
- Radius ready - available in wedge shape
- Peel and stick technology for an easy 10 minute installation
