

# QUICK-BUILD MEDIAN SAFETY. **INSTALLED IN HOURS.** RENTED LIKE TRAFFIC CONTROL. DEPLOYED BY YOUR CREW.

## **REDIWELD** MODULAR MEDIAN SYSTEM

**SAFER. VISIBLE. PROTECTED.**  
Physical separation—not just guidance.

**INSTALLED IN HOURS**  
Not Days. Not Weeks.

**BY YOUR CREW**  
No specialty contractor required.

### BUILT FOR AGENCY CREWS

- ✓ No Specialty Contractor
- ✓ Standard Tools
- ✓ Pickup Truck
- ✓ Agency Crews

Typical pedestrian refuge or median section installed and operational in as little as **A FEW HOURS.**

### PRODUCT ADVANTAGES

#### MODULAR DESIGN

Configurable for multiple applications and roadway geometries.

#### ONE-PERSON HANDLING

Lightweight modules (<51 lbs) for safe, efficient placement.

#### HIGH VISIBILITY

Integrated reflectivity and bold edge markings enhance visibility.

#### RADIUS & CHAMFERED ENDS

Smooth transitions for safety and driver comfort.

#### SECURE FASTENING SYSTEM

RediPlug® anchoring system for stability under traffic.

#### IMPACT-RESISTANT CONSTRUCTION

Recycled rubber composite built to withstand real-world impacts and weather.

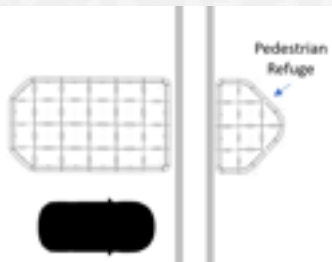

#### REUSABLE

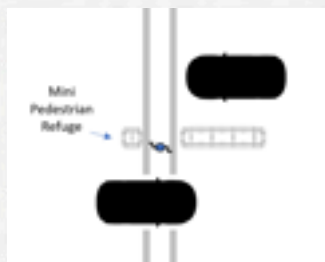

Built for repeated use and long-term performance.

### COMMON APPLICATIONS

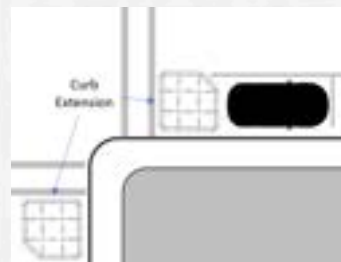

#### PEDESTRIAN REFUGE

#### MINI PEDESTRIAN REFUGE

#### CURB EXTENSION

#### CURB EXTENSION PED BLOCK

#### TRAFFIC CIRCLE

MORE CONFIGURATIONS POSSIBLE – ADAPT TO YOUR PROJECT NEEDS

### RENTAL RATES (PILOT PROGRAM)

TERM	RATE (PER MODULE)
Daily (Equivalent)	~\$0.25 – \$0.34
Monthly	\$7 – \$10.25

#### 6-MONTH MINIMUM RENTAL PERIOD APPLIES

- Customer pays shipping (both directions)
- Anchoring hardware purchased separately
- Minimum quantities may apply
- Extensions available on a monthly basis

### HOW IT COMPARES TO TRAFFIC CONTROL RENTALS

Traffic Control Devices (Cones, Drums, Barricades)	RediWeld™ Modular Medians
✓ Rented per project duration	✓
✓ Operational budget expense	✓
✓ Returned after use	✓
✓ Scalable for corridor projects	✓

**KEY DIFFERENCE:  
PROVIDES PHYSICAL SEPARATION,  
NOT JUST GUIDANCE.**

### IDEAL APPLICATIONS

- High-risk corridors needing immediate action
- Rural centerline conflict areas
- Pedestrian refuge installations
- Interim safety treatments pending permanent design

**ACT NOW. EVALUATE PERFORMANCE. MAKE A BETTER INFORMED DECISION.**

A flexible, practical way to implement safety improvements—without long-term commitment.

LET'S TALK ABOUT  
YOUR NEXT PROJECT.
